

WORKSHOP FOR IMMUNOHEMATOLOGY REFERENCE LABS- SUNDAY

General Program Description

In the morning the participants will join the SCABB membership for the award lectures. The keynote speaker, Dr. Harvey Alter, needs no introduction as he is well known for his entertaining and informative lectures on transfusion transmitted viruses. In the afternoon, there will be an "Ask the Experts" session so bring all those unresolved cases for discussion. This will be followed by a poster session where the participants will be given 5 mins. each to present their posters. Then the group will split into round table discussions (over chips and salsa) regarding complex serological cases. The evening is free to enjoy a Margarita on the Riverwalk.

8:00 am -9:30 am	Technical/Scientific Award Lecture "Mission Impossible? Safe Transfusion of Alloimmunized Patients, Joann Moulds PhD Administrative Award Lecture "Blood Safety" Pat McEvoy
9:30 am- 9:45 am	Break
9:45 am- 11:15 am	Karen Williams Memorial Lecture Harvey Alter MD
11:15 am – 1:00 pm	Lunch on your own
1:00 pm – 2:00 pm	"Ask the Experts"
2:00pm – 3:00pm	Fast and Furious Poster Presentations
3:00 pm – 5:00 pm	Salsa and Serology Case Discussions

WORKSHOP FOR IMMUNOHEMATOLOGY REFERENCE LABS- Monday

General Program Description

For the first time ever, the three Moulds will join forces to discuss advanced level serological problems. Case studies will be used to illustrate how advanced techniques (including molecular methods) can be used to resolve complex patient problems. The presentations will include updates in the Kidd, Lutheran, JMH and Colton blood group systems. The afternoon session will feature bench to bedside presentations of cases of hemolysis and transfusion needs of the hemolyzing patient. The serological presentation and clinical treatment of these unusual and sometimes frightening patients will be presented.

AM Session: "Moulds in the Morning"

8:30 am- 9:15 am	"Blood Grouping and Typing Reagents: Knowing What They Can and Cannot Do Marilyn Moulds MT(ASCP)SBB
9:15 am- 10:00 am	"Who's Right DNA or Serology? Joann Moulds PhD, MT(ASCP)SBB
10:00am – 10:30 am	Break
10:30 am- 11:30 am	"Its Not an Answer Until it's the Right Answer" John Moulds MT(ASCP)SBB
11:30 am – 1:00 pm	Lunch

PM Session: "Docs Dealing with Hemolysis"

1:00 pm –1:30 pm	"Acute Hemolysis Due to an IgM Antibody with Broad Thermal Range David Yawn MD
1:30 pm – 2:00 pm	"Fatal Hemolysis Due to an anti-Pr _a " Alice Chen MD, PhD
2:00 pm – 2:30 pm	"Unrecognized Hyperhemolysis in Sickle Cell Patients" Joann Moulds PhD
2:30 pm- 3:00 pm	Open Discussion
