SCABBinar:
How to Thrive in the Growing World of Automation
Tuesday, May 12, 2009
Presented by:
Stephanie Babin, Our Lady of the Lakes Regional Medical Center

Description:

A discussion on how changing the mindset of staff and donors about donating on automation had greatly impacted our blood bank.

Objectives:

1. Discuss the need for automation.
2. Meeting the needs of the blood bank and the staff.
3. Who should we target and for what products?
4. Converting the donor from whole blood to automation.
5. Learn how to target specific groups for successful apheresis platelet drives.
6. Share how to load, transport and troubleshoot apheresis instrumentation.
7. Discuss how changing our automation to the Trima Accel has impacted our collections.

Level of difficulty: Intermediate

Audience: Recruitment and Collections Staff and Managers
