

SCABBinar:

Assessment of Coagulopathy and use of Mass Transfusion Protocols (MTP)

REGISTER

Thursday, August 25, 2022 | 1:00 PM EST

Speakers: Dan Mason, MSN, RN

Description: The military origin and need/purpose of MTPs will be discussed, and how that does or does not apply to massive bleeding scenarios in the civilian environment. We will discuss when the use of MTPs is/is not appropriate. Also, methods of assessing the coagulation status of a patient having massive bleeding from a variety of etiologies will be described and compared.

Objectives:

- Describe the origin and drive behind fixed-ratio MTPs
- Describe the purposes of an MTP, and who it is guidance for
- Describe How to effectively assess coagulopathy from massive bleeding, and when to STOP a MTP.

Continuing Education Credits: South Central Association of Blood Banks is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E. ® Program.
