## Outpatient Blood Transfusions in the Hospice Population

### SESSION DETAILS

#### DESCRIPTION:

The goal of this presentation is to describe hospice and its goals. Given the many misconceptions surrounding hospice, to discuss the challenges faced by hospice patients to receive blood transfusions in an outpatient setting. We will also explore an interinstitutional collaboration on compassion by reviewing the partnership between OBI and the University of Oklahoma for caring for hospice patients.

#### OBJECTIVES:

- Describe hospice and its goals.
- Highlight the importance of outpatient transfusion for hospice patients.
- Discuss challenges faced by hospice patients in receiving blood transfusions.
- Review OBI's role in delivering access to blood transfusions for hospice patients.
