

SCABBinar:

Massive Transfusion: A Laboratory Perspective

Thursday – September 20, 2018

Presented by:

Mary Berg, MD
Professor of Pathology, Medical Director of
Transfusion Services
University of Colorado

Description: This presentation includes a detailed discussion of an actual massive transfusion case and shows through the laboratory test results the impact that massive transfusion has on the patient's physiologic status. This information is then reinforced by reviewing additional massive transfusion cases, including non-trauma cases.

Level of Difficulty: Intermediate, assumes basic knowledge of laboratory testing

Intended Audience: Medical technologists, anyone interest in massive transfusion

Continuing Education Credits:

PACE Contact Hours - 1

FL Continuing Education Credits - 1

Thursday – September 20, 2018
