

## SCABBinar: Thursday, July 23, 2020 Oral Abstracts + COVID-19 Lab Perspective

Oral Abstract presenters: TBD

COVID-19 Lab Perspective Presented by:  
Larry J. Dumont, MBA, PhD  
VP Research, Director & Senior Scientist  
Vitalant Research Institute

**Description:** The 2020 Oral Abstracts are inclusive of selected Abstracts submitted for consideration. The following Abstracts have been accepted for Oral Presentation at this time:

- A Hemoglobin S Solubility Screen That Conserved Solution
- Collection of Convalescent Plasma at a Large US Blood Center
- Convalescent Plasma with Negative Antibodies Effects on Patients
- Using RHCE\*ce Variants Paired With RHCE\*cE Haplotypes to Conserve the R2R2 Blood

These Abstracts will be presented by their authors during this SCABBinar and published in the 2020 SCABB Abstract Journal, available via [scabb.org](http://scabb.org).

The second part of the SCABBinar will address COVID-19 from the Lab Perspective. Although much information has recently been discovered about the COVID19 novel Coronavirus, the scientific details and work done behind the scenes to make these discoveries is not always clear. This educational session will present a series of questions of interest to laboratorians and those in the blood banking community about COVID19 testing and COVID19 convalescent plasma.

Participants will have the opportunity to submit questions ahead of time or during the conference via the chat box feature.

**Level of Difficulty:** Intermediate

**Intended Audience:** Laboratorians, blood collectors, blood suppliers, and transfusion service personnel

**Continuing Education Credits:** South Central Association of Blood Banks is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E. ® Program. #151-142-20

*PACE Contact Hours – 1; FL Continuing Education Credits – 1*
